#### (4) **AMATEURISM**

The issue of 'amateurism' has undergone considerable development in respect of its application in determining eligibility to participate in the sport of athletics. Considerable amendments approved by the IAAF Congress in 1982 (Athens), and in 1999 (Seville), allow athletes to receive payments for participation and performance in international competitions. Furthermore, in 2001 the IAAF's name was changed from the 'International Amateur Athletic Federation' to the 'International Association of Athletics Federations'.

The Gibraltar Amateur Athletics Association's adopts the IAAF position in respect of this issue and also allows athletes to receive payments for participation and performance in international competitions. This position is reflected in the use of the additional, alternative name of 'Gibraltar Athletics'.

#### (5) **MEMBERSHIP OF THE ASSOCIATION**

Membership of the Association shall be open to any person or club interested in the practice or administration of the sport of athletics which the Association currently oversees; regardless of sex, age, disability, ethnicity, nationality, sexual orientation, religion or beliefs.

Individuals can register as members in their own right or via an affiliated club. For the purposes of membership of the association a club shall be deemed to be any bona fide club or organisation within Gibraltar consisting of five, or more, registered athletes.

Sanctions at the disposal of the Council will range from written reprimands, to warnings about the consequences of continued inappropriate behaviour and ultimate expulsion from the Association.

All disputes between the Association and an athlete, or between an athlete and the EA or IAAF, shall be submitted to arbitration. In the case of a dispute between the Association and an athlete, this dispute should be submitted to an arbitration panel constituted by the Association. In the case of a dispute between an athlete and the EA or IAAF, this dispute may, at the option of Council, be submitted to the EA or IAAF Arbitration Panel.

# General Selection Process

### Overview

This document outlines the process by which athletes may be selected to represent Gibraltar at International Athletics Events.

Presently the GAAA sends athletes to events organised by the following International Bodies:

- 1) **International Association of Athletics Federations (IAAF)**
- 2) **European Athletics (EA)**
- 3) **Commonwealth Games Association (CGA)**
- 4) **International Island Games Association (IIGA)**

[1 & 2] The **IAAF eligibility criteria** are used as a base to establish which athletes can be considered to represent Gibraltar at any IAAF or EA Championship. (Details included in the GAAA Eligibility Registration Form).

[3] The **CGA eligibility criteria** is roughly similar to **IAAF eligibility criteria**.

[4] The **IIGA eligibility criteria** is slightly different:

#### **IIGA Operational Guidelines**

Section 6 - Conditions for Representing a Member Island

To represent a Member Island a competitor may qualify either by:

6.1 having been born on that Member Island.

6.2 A competitor may be considered to have been born on a Member Island if the mother was normally resident on that Island immediately prior to the birth and returned to the Island soon after.

6.3 Having been resident on that Member Island for the period of 12 consecutive months prior to the date of the Opening Ceremony of the Games to be entered.

6.4 Any person wishing to gain qualification under 6.3 shall be deemed to be a permanent resident for the purpose of qualification if they are not residing on that Member Island because they are following a programme of study or involved in military service out of the Member Island.

Any competitor not complying with the above shall be subject to an automatic disqualification from the Games.

In the case of Commonwealth & Island Games Events the GAAA submits a list of local athletes that have attained "Minimum Consideration Standards" (MCS) for Selection as agreed with the organising bodies. The MCS are set locally by the GAAA with the organising body approving them.

The GAAA strategic aims are generally three-fold:

- to maximise athletes' potential to qualify in his/her own right;
- to maximise the number of athletes achieving selection (where applicable); and
- to allow as many of its most accomplished athletes as possible to experience top quality competition

## **Appendix 'B' (2/2)**

### **SECTION 1: SELECTION PROCESS for IAAF & EA Championships**

1. To be considered for selection, athletes must:
  - a. Satisfy all relevant age and nationality eligibility criteria (as published in each event's: 'Entry Standards & Conditions') Links to the official websites containing this information can be found on the GAAA website;
  - b. have achieved at least one qualification standard within the qualification period in accordance with the relevant performance conditions (standards, qualification period and performance conditions to be set on the publication of each event's: 'Entry Standards & Conditions').
2. Alternatively to 1.1b, if no athlete has achieved any of the qualifying standards the GAAA may, at its discretion, enter at least one athlete in the championships where this is allowed by the organisers. This is dependent on Gibraltar satisfying the relevant entry conditions for non-qualified athletes, as set by the EA and IAAF for individual championships.
3. The selection criteria to be used in the case of no athletes setting a qualifying time is as follows:
  - a. All Registered GAAA athletes who are fully paid-up members of the Association by 15 January of the competition year, will be considered for selection irrespective of their event, so long as they satisfy the organiser's conditions of entry.
  - b. The selection panel will also consider:
    - The GAAA ranking lists
    - Previous results
    - Consistency of performances
    - Attainment and behaviour at previous international events
    - Current form and fitness
    - The GAAA policy of promoting the general development of excellence in local Athletics
  - c. Where required, the comparison of athletes' performances during the qualification period will be based on the IAAF Scoring Tables\*. This system will allow the selection panel to rank athletes and give due weight to their performances when selecting representatives for individual competitions in keeping with the wider policy aims detailed in the GAAA strategic aims above.

#### **\*IAAF SCORING TABLES OF ATHLETICS**

The Scoring Tables of Athletics are based on exact statistical data. The scores in the tables of different events cover equivalent performances. Therefore, the tables can be used to compare results achieved in different athletic events. The Scoring Table is a public document available on the IAAF website.
